

## Anotācija

Es paceļos sprīdi virs zemes –  
Tur gaisss dzidrāks un putni skaistāk dzied.  
Tur dabā košākas krāsas un smaržas maigākas šķiet.  
Es arī vīterot gribu,  
Kā putns, kas līksmībā dej,  
Kā putns, kas tuvāk Saulei,  
Un himnas Gaismai dzied.

## Programme note

I take wing an inch over Earth –  
There air is cleaner and birds are beautiful singing,  
There brighter colours and smells milder seems.  
I also would like to twitter,  
As bird, who dance in joy,  
As bird, who closer to the Sun  
And hymn to the Light sings.
