Skandārbs ir lillā krāsā, tāpat kā Imanta Ziedoņa pasaka, bet, lai visiem viss būtu vēl skaidrāks, te neliels fragments no "Lillā pasakas":

"Dzīvoja reiz cilvēks, kuram ļoti garšoja šņabis. Tikko viņš iedzēra šņabi, sāka griezties galva, un tas viņam patika. Dzēra viņš daudz, galva griezās vienā griešanā un, kad apstājās, tad, kā kuro reizi: reizēm šķībi, reizēm iešķībi, reizēm pavisam otrādi."

Programme note:

*This is music is in violet, just like story for children by Imants Ziedonis.
But to make clear for everybody, there is small part of this story:*

*"Once lived a Man, who liked very much Vodka. As soon as he dranked Vodka, his head started to turn around and it maked him happy.
He dranked much and his head turned around all the time.
And when it stopped, it had a different positions –sometimes right, sometimes left, but sometimes back to front..."*
