*A Guide to Troublemakers*

for oboe and piano

2019

## PROGRAMME NOTE

Inspiration for music I got from the book for children "Little house Monsters" by Croatian writer Stanislav Marijanovič.

It is Guide to Troublemakers.

These are non-creatures who live in our homes and cause a variety of troubles - stumbling, crushing, twitching and stumbling, not only in children, but also in adults.

### **I.Sneeze-Man.**

A very unpleasant guest because it makes everyone sneeze and sniff.

### **II.O-how-nice**

lives behind mirrors. He also hides in shop windows of big shops.

As soon as you - the person notice your reflection - the O-how-nice seems to be numb to you.

### **III.Me-and\_Me**

This Troublemaker is attacking unexpectedly, scandalizing his favorite slogan "My, my, my!"

### **IV. Three Lazy-bones**

Sleep, sleep ... sleep for a while ... Pillowson.

Tomorrow, tomorrow, tomorrow ... Tomorrow is also the day ... Tomorrow

You know, it won't be any fun if you pull out of the nest now!

The most urgent jobs don't seem to be as urgent,  
and they can be postponed quite simply.

But drive these bastards out of your bed - look! Get up and start a new, beautiful, busy day!

### **V. Chatterbox**

As soon as you pick up the phone at some home,

Chatterbox can get stuck there and inventions hide in the handset.

His favorite food is gossip:

fresh, half-baked, well-aged, with vinegar and sugar - any type of gossip and all come together.

Sometimes after a call, hanging up,

it turns out that we spent a whole hour feeding the Chatterbox...
